Dividend

Reserves and Surplus

The current year loss of Rs. 1116 lakhs has been added to the deficit at the beginning of the year of Rs. 1258.62 lakhs and the deficit aggregates to Rs. 2374.51 lakhs at the end of the year.

Financial Performance with respect to Operational Performance:

During the financial year 2016-17, your Company was not able to run all the units at fullest capacity. The capacity utilisation of all the units got reduced resulting in lower production of 32.90 lakh kgs and the Company was able to achieve only a turnover of Rs. 7803 lakhs as against the turnover of Rs. 14478 lakhs of the previous year 2015-16.

The cash loss incurred by the Company during the previous year 2015-16 and the continued adverse market behaviour and abnormal increase in cotton prices and lower yarn prices, resulted in losses during the current year also. Despite aforesaid adverse factors, the Company made repayment of term loans (nearly Rs. 20 crore) which has affected the entire working capital. The financial crunch affected the timely repayment of term loans and creditors payments. In view of the delayed payments to creditors, the procurement of raw material was also affected.

As a consequence of the above and also due to non-recovery of fixed costs since the Company had not run at the fullest capacity during the year, your Company incurred loss of Rs. 2661 lakhs as against previous year 2015-16 loss of Rs. 1134 lakhs

To overcome this situation and to ease off the financial crisis, strategic decision of selling windmill assets and Unit –III of the Company was taken. The proceeds from the sale of windmill assets were utilised for bank repayments and certain creditor payments. Sale of Unit-III is under progress and the proceeds will be utilised for remaining payment obligations of the Company and also for the working capital needs to run the business.

The above said loss of Rs. 2661 lakhs got reduced by the profit on sale of Windmill assets of Rs. 1545 lakhs resulting in net loss of Rs. 1116 lakhs for the financial year 2016-17

MANAGEMENT DISCUSSION AND ANALYSIS

The core business of the company is manufacture and sale of cotton yarn. The management discussion and analysis given below discusses the key issues of the cotton yarn spinning sector.

(a) Industry structure and developments:

The FY 2016-17 witnessed high volatility and abnormal increase in cotton prices and sluggish demand for yarn products both in domestic and international markets. Cotton prices were uneconomical in relation to market price of yarn. Surplus production, uneconomical exports and reduced demand for medium quality yarn in the domestic market are some of the reasons for the lower performance of the industry. These circumstances have created challenges of shifting towards new value added products, selling at higher price or premium price for the better quality of yarn, better productivity and enhancing marketing strategies for evolution of new markets. Decision to reduce exports at the present juncture due to the uneconomical prices also aggravated situation due to competition from other developing countries like Indonesia, Vietnam, Bangladesh, Philippines etc.

(b) Outlook

The industry expects an improvement during the current year. Further, there is an increasing demand for value added yarns and also other cellulosic fibres in both domestic and international markets. In view of these factors, Company's performance is expected to improve substantially during the year 2017-18.

(c) Strategies and Future plans

By using the sale proceeds of Unit-III asset, your company propose to repay a substantial portion of term loans and other payment obligations and propose to utilise the balance sale proceeds towards working capital requirements. Further for betterment in the operations of the Company, in addition to cotton yarn, your directors have planned to produce value added products viz., "Viscose, Polyester and Mélange varieties of yarn" based on the market requirements. And the production of these varieties had already been started and it is well received in the market. The profitability is also quite good as compared to cotton yarn.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

1. We have audited the internal financial controls over financial reporting of Kandagiri Spinning Mills Limited (“the Company”) as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

2. The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

3. Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Statement on Significant Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2017

1. Basis of preparation of standalone financial statements - The standalone financial statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP) to comply with the Accounting standards specified under section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act")/Companies Act, 1956 ("the 1956 Act"), as applicable. The standalone financial statements have been prepared on accrual basis under the historical cost convention except in so far as they relate to revaluation of net assets. The accounting policies adopted in the preparation of the standalone financial statements are consistent with those followed in the previous year.

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in the revised schedule II to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

2. Use of estimates – The preparation of the standalone financial statements in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities on the date of the standalone financial statements, disclosure of contingent liabilities and reported amounts of revenues and expenses for the year. Estimates are based on historical experience, where applicable and other assumptions that management believes are reasonable under the circumstances. Actual results could vary from these estimates and any such differences are dealt with in the period in which the results are known/materialise.
3. Revenue recognition – Revenue from sale of products is recognized on despatch of goods to customers in accordance with the terms of sales. Revenue from services is recognized in accordance with the specific terms of contract on performance. Other operating revenues comprise of income from ancillary activities incidental to the operations of the company and is recognized when the right to receive the income is established as per the terms of the contract.
4. Other Income – Interest income is accounted on accrual basis. Dividend income is accounted when the right to receive is established.
5. Foreign currency transactions – Foreign currency transactions (including booking/cancellation of forward contracts) are recorded at the rates prevailing on the date of the transaction. Monetary assets and liabilities in foreign currency, other than those covered by forward exchange contracts, are translated at year end foreign exchange rates. Exchange differences arising on settlements are recognized in the Statement of Profit and Loss. In case of forward exchange contracts which are entered into hedge the foreign currency risk of a receivable/payable recognized in these standalone financial statements, premium or discount on such contracts are amortised over the life of the contract and exchange differences arising thereon in the reporting period are recognised in the Statement of Profit and loss. Forward exchange contracts which are arranged to hedge the foreign currency risk of a firm commitment is marked to market at the year end and the resulting losses, if any, are charged to the Statement of Profit and loss.
6. Employee benefits – (i) Short term employee benefit obligations are estimated and provided for; (ii) Post employment benefits and other long term employee benefits – (1) Company's contribution to provident fund, labour welfare fund, employees state insurance corporation and other funds are determined under the relevant schemes and /or statute and charged to revenue; (2) Company's liability towards gratuity and compensated absences are actuarially determined at each balance sheet date using the projected unit credit method. Actuarial gains and losses are recognised in revenue.

Statement on Significant Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2017 (contd.)

7. Fixed Assets – Tangible fixed assets - All costs relating to acquisition of fixed assets net of value added tax and terminal excise duty refund under Export Promotion Capital Goods Scheme, subject to the economic life and the cost being in excess of certain limits, are capitalised. Expenditure directly related and incidental to construction are capitalized upto the date of attainment of commercial production. Interest and other related costs, including amortised cost of borrowings attributable only to major projects are capitalized as part of the cost of the respective assets. In the case of Wind energy converters, cost of land on which the converters have been erected is capitalised as cost of the said converters. Cost of structures on leasehold land, where the estimated useful life is more than ten years, is capitalized. Subsequent expenditure relating to fixed assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.
8. Depreciation/amortization – Tangible fixed assets - Depreciation on fixed assets is provided on straight line basis. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Schedule II are used:

Particulars	Depreciation
Plant and machinery (Continuous process Plant)	Over its useful life of 18 years as Technically assessed
Wind energy convertor	Over its useful life of 17 years as Technically assessed

9. Impairment of assets – The carrying amount of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss will be recognised in the Statement of Profit and Loss wherever the carrying amount of an asset exceeds its estimated recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. Provision for impairment will be reviewed periodically and amended depending on changes in circumstances.
10. Investments – Non-current investments are stated at cost. However, provision for diminution is made to recognize a decline, other than temporary, in the value of the investment, if any. Current investments are valued at lower of cost and fair value.
11. Inventories – The governing principle of valuation of Inventories (other than process waste) is the lower of cost and net realisable value. The cost for the said purpose (i) in the case of stores and spare parts, is the weighted average cost (net of Cenvat credit/value added tax, if any), (ii) in the case of cotton in process and manufactured yarn, is the cost adopting the absorption costing method, and (iii) is without deduction of the adjustment made for power generated through Wind energy converters and adjusted against the cost of power purchased from state electricity board. Process waste is valued at net realizable value. Provision is made for obsolete, slow moving and damaged items of inventory, if any.
12. Government grants – Capital grants from government relating to depreciable assets are treated as deferred income and disclosed as a capital reserve and amortised over the useful life of the concerned asset. Cenvat credit relating to capital assets acquired is treated as capital reserve and amortised over the useful life of the concerned assets by transfer profit and loss account and considered under depreciation. Grants/incentives other than those mentioned above are reckoned in the profit and loss account in the year of eligibility.

Statement on Significant Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2017 (contd.)

13. Borrowing costs - Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Profit and Loss Statement in the period in which they are incurred.
14. Research and development – Revenue expenditure on research and development is charged to the profit and loss account as incurred. Capital expenditure on research and development, where the same represents cost of plant, machinery, equipment and other tangible assets, if any, is given the same accounting treatment as applicable to other capital expenditure.
15. Deferred tax - Deferred income tax charge reflects the impact of the current period timing differences between taxable income and accounting income, other than differences capable of getting reversed during the 'tax holiday' period, subject to consideration of prudence. Where there are unabsorbed depreciation or carry forward losses, deferred tax assets are recognised only to the extent there is virtual certainty of realisation of such assets. Other deferred tax assets are recognised only to the extent there is reasonable certainty of realisation in future. Deferred tax assets/liabilities are reviewed as at each balance sheet date based on developments during the period and available case laws to reassess realisation/liabilities.
16. Provisions and contingencies - To recognise a provision when (i) the company has a present obligation as a result of a past event; (ii) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (iii) a reliable estimate can be made of the amount of the obligation. A disclosure of a contingent liability is made when there is a possible obligation that may, but probably will not, require outflow of resources. Where there is a possible obligation or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.
17. Cash flow statement – Cash flow statements are reported using the indirect method, whereby profit/(loss) before extra-ordinary items/exceptional items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipt or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on available information including taxes paid relating to these activities.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 9(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Consolidated Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of **Kandagiri Spinning Mills Limited** (hereinafter referred to as "the Investee Company") and its associate company, which are companies incorporated in India, as of March 31, 2017 in conjunction with our audit of the consolidated financial statements of the Investee Company for the year then ended.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Investee Company and its associate company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Investee Company and its associate company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India and the Standards on Auditing, deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained in respect of investee company and its associate company, which are companies incorporated in India, in terms of our reports referred to in the paragraph 9 below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the aforesaid entities.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us and taking into consideration the reports of the associate company referred to in the paragraph 9, the Investee Company and its associate company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Other Matters

9. Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one associate company, which are companies incorporated in India, is based on the corresponding reports issued by us.

All other borrowing costs are charged to the Profit and Loss Statement in the period in which they are incurred.

- 15) Deferred tax - Deferred income tax charge reflects the impact of the current period timing differences between taxable income and accounting income, other than differences capable of getting reversed during the 'tax holiday' period, subject to consideration of prudence. Where there are unabsorbed depreciation or carry forward losses, deferred tax assets are recognised only to the extent there is virtual certainty of realisation of such assets. Other deferred tax assets are recognised only to the extent there is reasonable certainty of realisation in future. Deferred tax assets/liabilities are reviewed as at each balance sheet date based on developments during the period and available case laws to reassess realisation/liabilities.
- 16) Provisions and contingencies - To recognise a provision when (i) the company has a present obligation as a result of a past event; (ii) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (iii) a reliable estimate can be made of the amount of the obligation. A disclosure of a contingent liability is made when there is a possible obligation that may, but probably will not, require outflow of resources. Where there is possible obligation or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.
- 17) Cash flow statement – Cash flow statements are reported using the indirect method, whereby profit/(loss) before extra-ordinary items/exceptional items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipt or payments.
